# Reaching the Promise

Reach & Rescue Ministries, Inc.

Winter Edition, 2025

---

## Welcome to 2025!

As we enter into another exciting season of serving the Most High God, we can certainly recall the ups and downs of the past year. Reach and Rescue Ministries, Inc. experienced both as we spent time, effort, and energy to re-establish the works God assigned us to do.

Skyline Tower apartments re-opened in November to our "Monday Night Life" Bible study and clothing give-away for their 55+ residents. Our Haven Home "Friday Night Live" encounter for pregnant young women has been accepted on their list of prominent services, with their clients receiving rewards and gift cards for attending. The total number of ministries has climbed to six.

Reach & Rescue also experienced a great loss to our group. A very dedicated member, Sister Carolyn Reed, went to be with the Lord in 2024. She will be greatly missed. Meeting weekly, our Laura's Home Bible Studies have helped the women grow to the point where they pray for and encourage us and each other. God is truly bringing the increase in their lives.

We visit Haven of Rest Harvest Home for women only once per month, but the impact is strong and eternal. The Haven of Rest men's ministry is joined by two Reach & Rescue members, who have made significant improvements into the lives of homeless men 70-80 at a time. In Lorain we are privileged to deliver new items to Haven Center, and are welcomed to speak to individuals and small groups in the shelter.

Dr. Beverly Jones, Exec. Director

## All Hands on Deck

The beauty of Reach & Rescue is that we have a variety of opportunities to spread the love of God throughout our area. However, WE NEED HELP! We are in desperate need of volunteers to accompany us to the locations to talk, listen, teach, pray, give hugs, and participate in our give-aways.

For those of you who are available at home, we need help organizing clothing and gifts. We need to expand our Transition Team for families moving into housing. Anyone who can help us pick up and deliver household items, please join us.

Most crucially we need people who will pray for us. We are confronted with troubled, confused, devastated, abandoned, disappointed, angry, depressed, and physically, mentally, and emotionally damaged men and women. Encouraging words turn the tide for a majority of these precious souls.

Thank you for all you can do to help the hundreds of individuals Reach & Rescue impacts each month. Please help us help them.
